

FIXED AUTOMATION TORCH

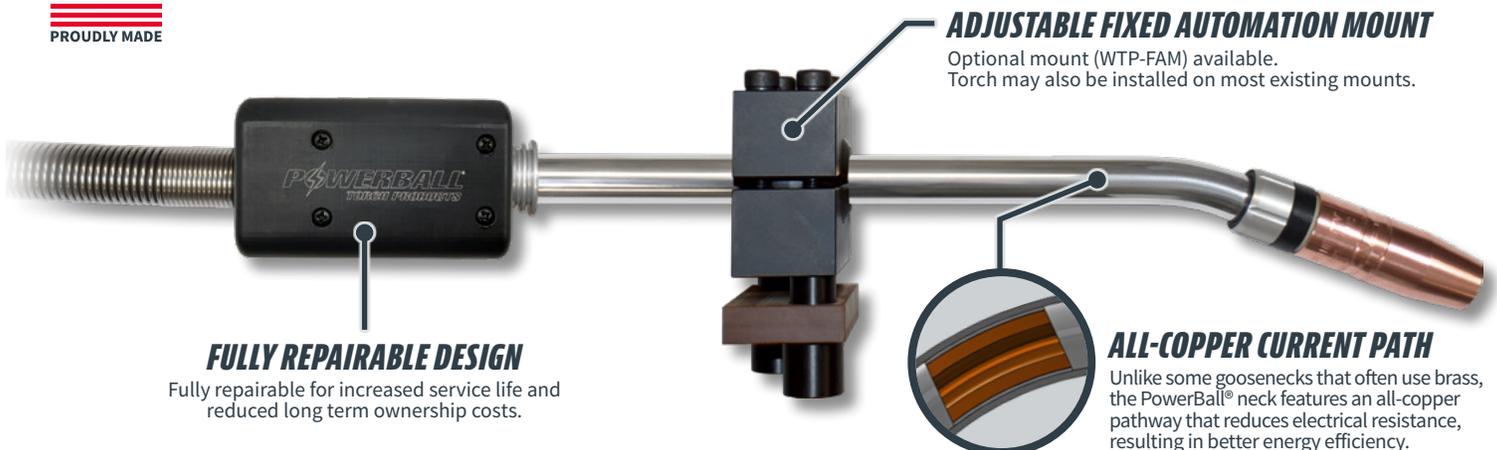

The **PowerBall[®] Fixed Automation Torch** utilizes the same revolutionary design featured in PowerBall[®] Semi-automatic Torches, with an energy efficient all-copper current path. Designed for fixed mount applications such as linear or lathe welding, these heavy-duty air-cooled torches are rated for up to 500 Amps at 100% duty cycle. Proudly Made in USA.

A NEW STANDARD FOR GMAW PERFORMANCE!

- ▶ High duty cycle air-cooled design **can replace water-cooled torches** in many applications
- ▶ **All-copper current path** for optimum conductivity and cooling
- ▶ Long-life PowerBall[®] tips, liners and nozzles reduce consumable costs
- ▶ **Fully repairable design** for reduced long term operating costs
- ▶ Provides **superb performance for longitudinal seam welders** when combined with the Wire Wizard[®] Wire Guide Module[®] FLEX System for smooth wire delivery
- ▶ Available with straight, 22° or 45° necks in standard, medium and long lengths
- ▶ Adjustable fixed automation mount (WTP-FAM) option available

POWERBALL[®] FIXED AUTOMATION TORCH FEATURES

FULLY REPAIRABLE DESIGN
Fully repairable for increased service life and reduced long term ownership costs.

ADJUSTABLE FIXED AUTOMATION MOUNT

Optional mount (WTP-FAM) available. Torch may also be installed on most existing mounts.

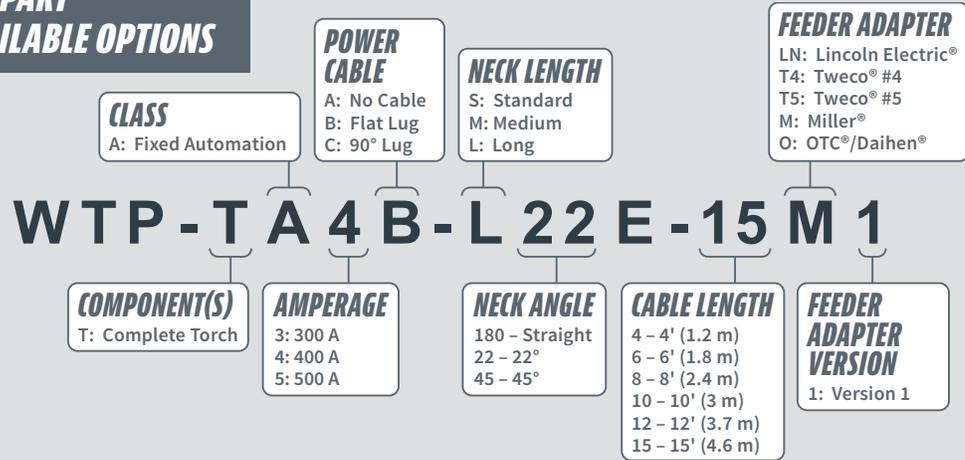

ALL-COPPER CURRENT PATH

Unlike some goosenecks that often use brass, the PowerBall[®] neck features an all-copper pathway that reduces electrical resistance, resulting in better energy efficiency.

FIXED AUTOMATION TORCH PART NUMBERING SYSTEM & AVAILABLE OPTIONS

Example Part Number:

WTP-TA4B-L22E-15M1
 Complete 400 A Fixed Automation Torch Assembly, 22° long neck length, for mild steel wire with 15' cable and Miller feeder adapter.

POWERBALL® FIXED AUTOMATION TORCH NECK OPTIONS

180° NECKS

Neck Detail	Part #	Length	Bend Angle	Qty/Pk
	WTP-NF-S180	Standard	180°	1
	WTP-NF-M180	Medium	180°	1
	WTP-NF-L180	Long	180°	1

22° NECKS

Neck Detail	Part #	Length	Bend Angle	Qty/Pk
	WTP-NF-S22	Standard	22°	1
	WTP-NF-M22	Medium	22°	1
	WTP-NF-L22	Long	22°	1

45° NECKS

Neck Detail	Part #	Length	Bend Angle	Qty/Pk
	WTP-NF-S45	Standard	45°	1
	WTP-NF-M45	Medium	45°	1
	WTP-NF-L45	Long	45°	1

All dimensions shown with 15 mm wire stick-out length
